MRS. DART'S TRIPLETS.

President Cleveland's Prize for the three best babies at the Aurora County Fair, in 1887, was given to these triplets, Mollie, Ida and Ray, children of Mrs. A. K. Dart, Hamburg, N. Y. She writes: "Last August the little ones became very sick, and as I could get no other food that would agree with them, I commenced the use of Lactated Food. It helped them immediately, and they were soon as well as ever, and I consider it very largely due to the Food that they are now so well."

The picture below, like a good many things in this world, has two different aspects according to the way in which it is looked at. We have copied it from a photograph presented to us by a certain son-in-law, who calls it: "My wife and my mother-in-law." We should be pleased if any of our readers would favor us with some appropriate verses on this subject, showing that if all wives are not necessarily good and beautiful, neither are all mothers-in-law necessarily bad and ugly.

Tuesday Evening. Chest has been severe - one night took nitroglyc. then whiskey a little - then John gave chloroform, then subcut. inject. At last slept half an hour. Pain returned, came on 3 times in night - intervals of 2 hours. At 2 A. M. ceased - slept till six.

Tryid plunge bath seems if anything to allerviate, not aggravate the pains.

Eruetation of wind from throat gen. intimate relief.

Dr. Bredin exam^d one day & Page & John.

They proposed bromide of potass. & belladonna.

B. said "Dr. we must get rid of this radical of course to encourage me this was."

Took mixture 3 times next day but was deathly sick retaining nothing.

Next day John gave 6 grs calom. + Cit. mag. next A. M. Not much effect.

Day following repeated dose - thought medicine had been star.

tried to help me & finally had
them retire & by 6 o'clock was
better. At 6.30 bathed - plunge -

John 3 or 4 nights slept here,

but I had written him to come via
England. Her children very well.

In all these days scores of kind
enquiries & visits tho' I see almost
no one & do almost nothing.

For a two days 16 & 17 spent in
bed. I wonder will God give me
relief & let me do any more.
Family say "yes" - I am very
doubtful

On 19th sent Mrs Johnson \$300 -

Mission in session from 14 to

On Monday P. M. Christen
preached opening discourse.

January 30. 1889. Wednesday Noon.

Notes have been omitted. and to recall: -

Jan. 23. Had a very severe attack of agonia at about 9.30. For two hours suffered most intense agony. Nan telephoned for John; he came, then called Dr. Page. They administered chloroform eight times, injected morphia twice. With the second injection I fell asleep. At midnight Dr. P. left, while John slept in Nan's salita. The rest of the night had sleep. Waked at 5

Jan 24. Was very weak - cold perspiration all over body. John seemed anxious. Many friends, hearing of the return of illness, called. Continual nausea.

Jan. 25. Still very weak. no appetite. Pain ceased in the arm but distressing hiccoughs set in and continued with occasional interruptions all day. Food milk palatable.

Jan 26. Hiccoughs continued all last night and all to-day. Dr. Cooper called with John. Dr. P. suggested chloroform

with whiskey taken inwardly would check
it - had no effect. Have got from Dr.
Page receipt of musk for Wiccough - seemed
to give a little relief but it continued.

Jan. 27. Sunday. Somen arrived early.
Proposed some remedies but Jack did
not agree. He bought several books with
him. John gave calomel 2 days in
succession. Wiccough still continuing

Jan. 28. Monday. No pain in heart
while under the calomel. Wiccough's
stopped.

Kind enquiries made every hour
from all quarters, rich & poor -
Allowed to see nobody.

Tuesday, 29. Removed to Annie's
room. Page sent claret wine. Took it
twice. Find John does not favor it.
Says nothing tonic is now admissible
as it brings back pressure. Two attacks
in the night from the heart. John slept
less in the last week & before that.

Jan. 30th Wednesday. Last night troubled
from 10 P. M. to 3 A. M. John gave all
remedies. Finally went off to sleep.
Slept till mid-day & in chair to-day
for first time. Door on to piazza wide
open. air very delightful. Wife &
daughter very attentive. Amador put
a "tranca" at entrance to piazza. all
visitors must enter back door. Bran
lies across the door.
